

Mentorship Programme

2018 - 2019

Programme Brief 2018-2019

Introduction

Following the formation of the CUAAA new cabinet in March 2018, various task forces were formed to brainstorm and organise a series of programmes / activities. Apart from the CUAAA Award, which was presented to one of the best students in MArch 1 during the Graduation Show 2018, we are excited to announce a Mentorship Programme tailored for our alumni as well as the students in our School of Architecture. This Programme aims to provide a linkage between alumni across the years and between alumni and students who wish to broaden their vision beyond school life and to receive early guidance on their future career. We believe that students from the School of Architecture, CUHK share similar values and characteristics. Through this Programme, we can strengthen this spirit by understanding and helping each other, eventually become a strong force for the healthy development of our profession.

Apart from the casual meet-ups between mentors and mentees, we will organise other events such as happy hours, sharing sessions or exclusive visits to facilitate interactions amongst different groups, with a view to further expand your network under this Programme.

Become a Mentor

By becoming a mentor, you can:

- Broaden your network across generations
- Contribute to our School and the CUAAA
- Share your experience
- Provide advice to your mentees on career paths
- Meet new friends, who may become your close friends or working partners

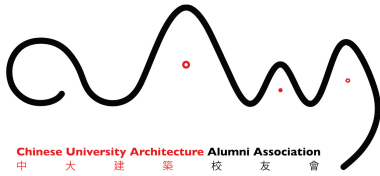

Eligibility

All CUAAA members are welcomed. Matching will be based on Mentee's aspirations and Mentor's experience.

Expectation

- Two Mentors will be assigned for each Mentee. You may meet your Mentee together with the other Mentor of the same group upon coordination
- Minimum 4 meetings or 10 mentoring hours per year

Become a Mentee
