

Professional Continuous Development (CPD) workshop
On
Environmental and Sustainable Design

The Department of architecture, The Chinese University of Hong Kong is organizing a number of workshops related to the captioned topic in the coming academic year (2003-2004). They are designed for Professionals working in the field wishing to learn more about the subject.

Life Cycle Costing & Assessment

Professor Ray Cole, University of British Columbia, Canada
3 Jan to 11 Jan 2004

How do you tell that a building is green? On what basis a green and sustainable building could be evaluated. There are many methods in use nowadays. The course will introduce some of the more popular methods and their underlining principles.

Table with 10 columns (Sat, Sun, Mon, Tues, Wed, Thurs, Fri, Sat, Sun) and 3 rows (AM 9.00-12.00 noon, PM 1.30-4.30pm, Eve 6.30-9.30pm) showing class counts.

Class Schedule 3 Jan to 11 Jan 2004

(Classes comprises of a mixture of lectures, tutorials, group discussion and/or site visits related to the theme of the workshop.)

Workshop registration fee is HK\$ 6,000 (an additional fee of HK\$2,000 is payable, at the end of the workshop, if the participant wish to submit their assignments for grading and obtain the Certificate of Merit.). Participant may fax the slip to 2603 5267 and mail their check made payable to The Chinese University of Hong Kong, and mail to Department of Architecture, CUHK, Shatin, NT, Hong Kong. Only very limited places are available. Upon receipt of the fee, successful applicant will be notified. For more information, contact Doris Tam at 2609 6513.
