

Professional Continuous Development (CPD) workshop
On
Environmental and Sustainable Design

The Department of architecture, The Chinese University of Hong Kong is organizing a number of workshops related to the captioned topic in the coming academic year (2003-2004). They are designed for Professionals working in the field wishing to learn more about the subject.

Computational Building Simulation

(Performance Simulation for Urban Wind and Building Ventilation)

Professor Tsou Jin Yeu, CUHK

28 Feb to 7 March 2004

The course first looks into the theoretical framework of an integrated approach to building design. A brief introduction to technicalities of the modeling structure as well as the simulation engines will lay the foundation for how the tools could be applied in practice.

Table with 10 columns (Sat, Sun, Mon, Tues, Wed, Thurs, Fri, Sat, Sun) and 3 rows (AM 9.00-12.00 noon, PM 1.30-4.30pm, Eve 6.30-9.30pm) showing class counts.

Class Schedule 28 Feb to 7 March 2004

(Classes comprises of a mixture of lectures, tutorials, group discussion and/or site visits related to the theme of the workshop.)

Workshop registration fee is HK\$ 6,000 (an additional fee of HK\$2,000 is payable, at the end of the workshop, if the participant wish to submit their assignments for grading and obtain the Certificate of Merit.).

Attn: Doris Tam (Fax: 2603 5267)

Workshop on Computational Building Simulation – I wish to attend this workshop 28 Feb to 7 Mar 2004. I am mailing cheque (HK\$6,000) of the workshop fee separately.
