Notes

1. The design portfolio should be accompanied by a commentary with a maximum of 1,500 words. It should not exceed A4 size (portrait or landscape) nor contain more than 20 pages. No 3D objects will be accepted. Please also submit a disc containing the softcopy of your portfolio in PDF format. Do not upload your portfolio to the online application system.

In general, the portfolio should present and illustrate your (a) previous academic work, (b) independent work and (c) work from practical experience in a concise way. It should not be a loose collection of materials, but be clearly structured to reflect your educational and practical experience. Proper credit and context must be given for all work shown in the portfolio, including authors, collaborators, and professional offices in which the work was completed. Please briefly describe your role in each of the project from practical experience as shown in the portfolio. Failure to credit work properly may result in the portfolio being discounted or the applicant being disqualified. Please indicate clearly your full name and application number on the cover of the portfolio for ease of identification.

2. Official transcripts together with the Transcript Submission Covering Sheet must be sent from the University or in sealed envelope and sent by the applicants. Applicants should download the Transcript Submission Covering Sheet from the online application system and send it to their respective University to apply for transcripts. There should be explanatory notes printed/attached to the transcripts indicating the grading scheme of the University. Certificates and transcripts which are not in English or Chinese should be accompanied by an official certified translation in either English or Chinese. Please note that photocopy/certified true copy of transcripts will not be accepted.
3. Applicants with degrees awarded by overseas universities by distance learning or by completing a curriculum of short duration are required to provide assessment report from the Hong Kong Council for Accreditation of Academic & Vocational Qualifications (HKCAAVQ) on the level of qualification obtained.

4. Applicants must fulfill the English language proficiency requirement prescribed by the University no later than 29 January 2016. Applicants who hold a degree from a non-English speaking country are required to take and submit one of the following original score reports for assessment:
   - TOEFL (paper-based 550 / computer-based 213 / internet-based 79); or
   - GMAT (verbal; Band 21); or
   - IELTS (academic band 6.5)

   The original score reports must be sent from the institutions concerned to the School of Architecture directly. Photocopy or certified true copy of transcripts will not be accepted.

5. Applicants are required to submit confidential recommendations from two referees through either one of the methods below:
   a. Download the Confidential Recommendation Form from the online application system and send the form to your referees. The completed forms should be sent back to the School of Architecture directly by your referees in a sealed envelope no later than 29 January 2016.
   b. Fill in the contact details of your referees on the online application system. Invitations for confidential recommendations will be sent out to the referees automatically, and the referees are required to input their recommendations online within 14 days from the date of invitation. If your referees miss the deadline, please provide them the form in hardcopy to complete the confidential recommendations.

6. The minimum period of practical experience is nine (9) months and should be gained after the completion of an undergraduate degree in architecture or its equivalent. Of this, five (5) consecutive months should be gained as a full-time employee in an architectural office, either based in Hong Kong or abroad. The remaining four (4) months can consist of equivalent experience, including working in other areas of the construction industry, research studies in related fields, or participation in community development projects.

   The requirement for practical training can be waived for applicants who possess a 5-year undergraduate professional degree in Architecture recognised by the country where the school is located.

   Applicants are required to submit the proof for fulfilling the nine-month practical experience no later than 15 June 2016. The letter should include the start and end dates of employment, the position, and that it was full-time employment. The ultimate judgment and decision as to whether the conditions for admission are fulfilled by the applicants shall be vested with the School of Architecture. As a general policy, no refund will be arranged upon acceptance of an offer except under special circumstances as deemed by the School of Architecture.

**IMPORTANT NOTES:**

The Chinese University of Hong Kong places very high importance on honesty in academic work submitted by students, and adopts a policy of zero tolerance on cheating in examinations or plagiarism. Any related offence will lead to disciplinary action including termination of studies at the University.
